Letters to The Editor

Who invited Krushchev? Our President. Who elected our president? We did. Why? We had faith in him. Do we know his struggles, his thinking, his problems? Does he know ours? Many cities invited him. Did they want to, or did our President want to? I doubt it very much. Did Jesus want Daniel in the Lion's den, or did he wish to show that faith was—and always will be—all powerful.

Mrs. H: If you wish to help our boys in Russia will you do so by destructive criticism? Criticism is most effective when accompanied by constructive criticism. Mr. America, didn't you and Mrs. America help vote for our government? What for? To "Shoot our leader's old gray head" or to respect our faith in American leadership? I am not a Republican. I did not vote for President Ike, but I love him, respect him, and will help him, though I am so small he will never know. Could it be possible that our President is such a great man that he wished personally to take full responsibility and assume personally any questionability because he, as you stated, realized only too well that every other avenue seemed closed to help further?

We are American. Let us act it. Help by showing unity, strength, and faith here, that Krushchev will respect. I like to think our President may secretly and humbly wish to polish the soul of Krushchev's heart with Fels Naptha soap, and also hopes that Americans may display example of a few ideas to be taken back to Russia, such as: Faith, Love, and Honor for those running America. You voted for our leaders. You elected them.

Should a governing unit in Torrance be in error, that does not make Torrance un-American. Likewise the Krushchev project. Russia don't want us there. We most certainly don't want Russia here. Can't we exemplify what Jesus tried to depict by parables? Remember—A lock on a door does not always keep the thief out—but if he breaks in and sees a well worn open Bible on the table, he just might have a change of heart. And you, Dr. C., couldn't you find it in your heart

Chest X-ray Unit Visits Local Area

The County Health Department's mobile chest x-ray unit will be at several locations in Torrance and Lomita beginning tomorrow.

The big green truck will be stationed downtown at 1401 Cabrillo Ave., tomorrow from 9 a.m. to 3:30 p.m. and again on Monday from 1 to 7 p.m.

From there it will move to San Jose Church, 2274 Del Amo Blvd., where it will be stationed Tuesday and Wednesday from 9 a.m. to 3:30 p.m. Next location will be in Lomita in front of Hall's Five and Dime Store, 2300 Lomita Blvd., where it will be in service next Thursday from 1 to 7 p.m. and next Friday from 9 a.m. to 3:30 p.m.

The mobile unit personnel will continue its search for undetected tuberculosis and other chest abnormalities such as cancer, silicosis and enlarged hearts. The program is conducted without charge.

to say and exemplify "God Bless our President? Sometimes I wonder who else does really? Jesus forgave Mary Magdalene. Can't we Americans forgive one another? In so doing exemplify Faith in our own choice of leadership and respect for our President's decisions. If he fails—you and I fail too. Remember: we invited him to be our leader.

Criticism is welcomed, it is a part of our way of life, but not for biased thinking of criticism alone. It behooves me to offer my humble opinion, but of our country, our states, our cities and ourselves, remember: We WERE American, We ARE American, We WILL BE American always, and of times in America a failure makes a success.

K has been invited—not will be—nor is to be—but has been invited. To refuse him might give him satisfaction by displaying disunity. What has been done should now be used as an opportunity to plant strong American seed, though I will realize Dr. C that it is hard to take. I am sure as Americans, we do not want to start a war over here (Continued on Page 23)
